

Dear Parents and Carers

As you are aware OFSTED visited our school on 3rd and 4th July. The inspectors spent time analysing data, watching lessons, interviewing staff and pupils and all of the other processes that take place during an inspection, in order that they could come to a judgement about the school overall.

We have now received the final report and the school has now been graded as Requires Improvement overall. Out of the five strands judged, we are delighted that two of them -Behaviour and Safety and Early Years- were graded as good. We are pleased that the report shows that the hard work of all stakeholders has been recognised.

The report is attached for you to read and will be available on the Ofsted website from Monday 11th September.

As a school we will continue to work to ensure the best possible outcomes for our children and will work on the development areas identified.

Thank you for your continued support.

Yours sincerely

Sian Pritchard

Headteacher

Julie Robson

Chair of Governors
